

The Evening Star

Empire College Evening School Student Newsletter - 1st Edition - December 20, 2007

As the new Dean of the Evening College I'd like to welcome everyone and thank all of you for your help and support. We have a fantastic team of instructors and dedicated students, and it is a pleasure to be able to meet and get to know everyone.

~Lynda Bascom, Evening Dean of Education

In keeping with the *Empire Writes Back* theme, we have decided that the evening school needs to become an integral part of the "Jedi" nation. So, with warp speed, let me introduce your Evening Star flight crew!

Lynda Bascom

ID #: R2D2

Position: Flight captain, communications officer, and all around "go to" individual

The doors to the flight deck are always open (except during meteor storms), and you are encouraged to stop by and hail a hearty hello!

Lbascom@empirecollege.com

Mae Rose Bellagio

ID #: OB1

Position: Co-pilot, chief computer operator and navigator

Please stop by the flight deck and give her a warm welcome to the Evening Star school!

mrbellagio@empirecollege.com

Communication is top priority on any flight mission. (We can only hope the airlines read this and agree!) If you need extra help in class, or have questions on your grades, tests, or material that is being presented, PLEASE talk to your instructors. They are here because they want to help you achieve your goals and succeed! Come visit the "Flight Deck" and say hello! Or, send an e-mail to the Evening Star flight crew, we're here to help in any way we can.

We'd like to hear from you! Universal expansion of the Evening Star can be possible with your help. Let us know what you've achieved, what your goals might be, how your family is doing (back on earth?) and we'll publish it in our news. It's a great way to get your announcements out and be known in the Empire family.

Have you noticed the signs? They're popping up everywhere, just like stars. Are you curious? You should be! Starting January 7, 2008, we have a great contest for our Evening Star students. Want a hint? Well, you're the Stars, let's see how creative you can be!

Thanks again,

R2D2 and OB1

Thoughts from Space:

"Duct tape is like the force; there's a light side and a dark side, and it holds the universe together"
