

The Evening Star

Empire College Evening School Student Newsletter - 2nd Edition - February 1, 2008

Welcome to the Light-Year 2008!

This promises to be a wonderful adventure with plenty of new stars in your future! Don't forget, the Evening Star Contest is now in full swing! We've heard rumors that there are stars in the making, and the flight deck is looking forward to finally having the most creative décor in the universe! If you haven't heard about the contest (must have been visiting another planet!!), stop by the flight deck and pick up the info. You don't want to be left behind!

Watch for the upcoming announcements of the night IMA student chapter meetings. Your night director, KASSONDRA BAAS (pictured to the left), will be organizing these meetings which will include forthcoming activities and speakers. Your involvement is extremely beneficial for your future! A network will be established with your peers and outside contacts. This network could be a channel to your first job as an accountant as it is often the case that you will be hired because of *whom* you know as well as *what* you know.

The work you contribute as an accountant to the IMA Organization can be recorded on your resume as a statement of your ability to organize your time, accept and complete responsibility, and cooperate with other accountants which are very important soft skills required by Sonoma County employers. Your IMA faculty advisor, CRAIG MCCLELLAND, as well as Kassondra, will be looking forward to working with you. The next meeting will be posted on the downstairs bulletin board and accounting doors. Please join us for refreshments and peer interaction.

A big evening star welcome to MARY MULLNIX, our new Medical Billing and Coding instructor! And, thank you to ROBIN DOTTI and MISSY GRANT for volunteering at the Sebastopol senior center blood pressure clinic on January 17 and ELVIRA MAGSAMBOL and PAM MCDONOUGH who hosted the Blood Glucose clinic at the same site this month as well! Stay tuned for news on an upcoming tour of Kaiser for medical students.

The Empire College IAAP chapter chartering ceremony will be held on Tuesday, February 12 at 2:15 p.m. The California president and president elect will be in attendance to help celebrate the installation of our new officers! If you're interested in attending, see JEANETTE LANDIN.

ROBIN DOTTI is organizing the Evening School Blood Drive! Did you know that this holiday season they had to cancel surgeries due to the blood shortage?! The blood drive will be held on March 13, 2008, from 5:30 p.m. to 8:30 p.m. Let's help our universal friends stay healthy!

Looking forward to seeing the Evening Stars!

R2D2 and OB1

Thoughts from Space:

"It's expensive living on earth, but you do get a free trip around the sun every year."
