"If you think something small can't make a difference, try going to sleep with a mosquito in the room..."

INDEPENDENCE EDITION!

Paralegal Party!

The Redwood Empire Association of Paralegals (REAP) gave a party for all graduating paralegals from Empire College and Sonoma State University. REAP was also celebrating California Paralegal Day which was on June 20, 2008. All students from the day and evening program were invited to attend with Mickey Fernandez and Christina Davis. Monica Lehre organized the event and did a great job providing food and refreshments. The graduating paralegals were given gift certificates allowing them free entry into any of the REAP seminars which are given through the year and are required for paralegals to maintain their continuing education. Members of the REAP association and paralegal community were also there giving the paralegal students a chance to network among the paralegal community. Thank you to REAP for being so generous to our paralegal students!

Thank you Evening Stars but...

The fun isn't over yet! Our "Wall of Stars" has already started collecting photos. Come on in and take a look, then bring in your favorite star, motivation, or just plain fun photo and add it to the star wall. Remember, you have visitation rights and can bring friends! The Flight Deck is always ready for you!

Guess Who Got a New Job?

A big Evening Star congratulations to Lori Orr and her new job at the Pain Center in Napa! This is a busy center, seeing 75 - 120 patients every day. Lori will be working in both the clinical and administrative areas, so she will have a great opportunity to learn every aspect of the practice. Way to go, Lori!

A big Evening Star congratulations also goes out to Steven Smith (aka Joseph Smith) who is now completing his final module in the Paralegal program here at Empire College. With a perfect attendance record and a 3.99 GPA, he represents the highest standards of excellence for a graduating student. Additionally, we congratulate Steven for recently landing a job in his chosen field at the Law Offices of Timothy Hannan! We celebrate your success, and as you finish here and begin on a new career quest, may the force be with you!

Who Got His A+ Certification?

Congratulations go out to Josh Young who has just completed his A+ Certification! When asked what he would tell others who are preparing to attempt their own certification exams, Josh advised, "Don't wait! Begin practicing your exams as soon as you finish your classes!" that way the information is still fresh in your brain. A big Evening Star congratulations to you Josh, that is a major accomplishment!

Happy July Everyone!

R2D2 and OB1
