TOTAL HOURS/UNITS: 60 hours- 4 units

SEMESTER: Fall 2009/Spring 2010

TIME: Wednesday, 6:00-8:15 p.m.

REQUIRED TEXT:

1. Wills, Trusts, And Estates, Dukeminier & Johanson (8th Edition, 2005)
2. Deerings California Probate Code, Lexis/Nexis (2008 Edition) or equivalent California Probate Code such as McGovern's, West's, or other publisher's compilation of the entire probate code.

COURSE DESCRIPTION: This course covers the basics of redistributing wealth at death. Particularly, the class will cover descent and distribution, testamentary capacity, execution and revocation of wills, construction and interpretation of estate documents, and limitations on the right to dispose of property.

The text presents a somewhat different approach to the study of law than other casebooks. We will cover approximately 80 principal cases during the Fall semester and approximately the same number during the Spring semester. However, it is important to stress that the subject of wills is as much statutory as case law. Study of the California Probate Code is essential. **Students will be expected to exercise good legal research skills by finding California Probate Code sections applicable to the weekly subject matter assigned in the syllabus.**

In 1931, the California Legislature enacted the probate code. Through the years, that code was expanded and, from time to time, revised. However, over the past few years there have been many

revisions made to the California Probate Code. In the process, parts of the Uniform Probate Code have been adopted. As a result, while the casebook was not written for specific use in this state, the text does reflect California Law in most respects and provides adequate materials for developing good legal analysis in this subject area.

The lecture and class discussion will center on the questions and problems found in virtually every section. Key to learning in this class is not merely reading the cases, statutes and notes, but also studying the questions and problems and recognizing how they apply the governing legal principles and rules.

As Ambrose Bearce once wrote: "Death is not the end, there remains the litigation over the estate." In this course, students will find many litigants fighting over "other people's money".

**CLASS ATTENDANCE:** Students must attend no less than 12 of the class sessions during the Fall semester and 12 of the class sessions during the Spring semester to pass this course. Roll will be taken at each class. Attendance of less than the full two hours of class will not count for attendance. There are no exceptions to the attendance requirement.
